News flash January-February 2022

“Call to Me and I will answer you and show you great and mighty things, fenced in and hidden, which you do not know (do not distinguish, and have knowledge of and understand)”

Jeremiah 33:3 Amp.

Dear friends,

We hope and pray that this year for each and everyone of us will be an abundantly blessed year, during which we may experience the mighty works of the Lord for our personal lives and in the places the Lord has called us for. May it be a year of restoration and healing, a year where we may go to the enemies' camp and take back what he has stolen from us. A year where we may glorify Jesus and use every opportunity to share His love and life changing Gospel.

Girls

All girls are doing well. At date all of them from elementary, high school, vocational training and university are preparing a couple of weeks of tests and exams before the summer holiday will start.

Like most children and students here, they missed out on in-class lessons for much too long and we hope that after the long summer holiday period they can go to school again without any restrictions.

Looking at Baan Zion we do have room for some extra girls that have to be taken out of very life-threatening situations and brought into our home.

But like wise for our village project we the last two years, since Beaw in December 2019 was taken into Baan Zion, due to lock downs and the many other restrictions have not been able to do this. We are prayerfully looking forward to lifting of all restrictions and new possibilities

Village girls

At date the villages of the girls we have under our care are still closed or closed down again due to c flu. Last year it gave us very limited possibilities to visit only a few of them and check on them in person and while writing this news flash we are confronted with the same.

In all a very sad and not really satisfying situation, since apart from our monthly support, practical help, counselling and protection against abuse are integral part of this project, so high on our agenda. As said apart from an occasional visit to some and weekly contact with the girls by phone we have not been able to give hands on help. It also prevented us to do new assessments and bring more girls under our care, this while the need is really very high.

The house

The climate, so the weather here has its extremities. In general, it is hot to very hot, but it can also rain very hard during the monsoon season and this often is accompanied by heavy storms and even though the house is earthquake proof some of last year's caused some cracks and recent storms did some damage to our roof.

All of this, if the house is not well-maintained, will have a negative effect on the outside structure of the house. So now, as soon as money is available, is the time for an all-around new paintjob and have the other so needed repairs done.

Finance

The start of this year placed us before quite a challenge since all of the sudden our sponsoring dived down with more than \$1000 monthly.

For our monthly income and needed running costs this for us is a huge amount of money we really cannot do without.

Main reason for this is the fact that one of our partners changed their donation info for tax deductible donations towards our Ministry. From experience we know that sponsors lost, are not easy to be won back.

Of course this has great impact on our daily running of the Ministry here and also on the vision for this year as we shared with you in our December news flash. But we hold on to this and trust in the Lord that He will open the right financial doors at His time so we may proceed as put on our hearts.

Thank you so much for standing next to us and may the Lord bless you abundantly.

Ps. Ellen and Rev. Dr. Jan
